Title: Lake Butler Forest Trail Reroute
FTA Phone: 352-514-1455
Email: jeffg@floridatrail.com
Perm Change: Yes
Effective Date: 2.13.15

The trail through the Lake Butler Forest has changed and is now located on the western edge of the forest. From the town of Lake Butler continue 7 miles west on SR 100. The trail enters/exits the forest at NW 106 Loop (also known as Clark Saw Shop Road, there are signs for both names at this intersection).

Lake Butler Forest is mowed and well blazed but very rough walking and/or wet in places.

From the LBF section the trail enters the Osceola Experimental Forest and follows forest roads up to US 90.
