**Title:** Yates Marsh Reroute

**Email:** kellyw@floridatrail.org

**Permanent Change:** Yes

**Effective Date:** 11/18/16

The trail through Yates Marsh has been rerouted through the western side of the conservation area. Blazes have been removed on the former FNST route.

A stile has been added at the Lofton Road trail head to allow hikers to cross the trail head fencing. Signage at the Lofton Road trail head reflects that the trail is to the left not the right.

See the map below, which depicts the updated route in blue.
