

## **Florida Trail Incident Report Form**

Attached is the Florida Trail Incident Report Form. The purpose of the form is to provide information to Trail managers on incidents, problems on the trail, problem persons, etc. The Florida Trail Association is the repository for incident reports. See the bottom of the form for address information.

The form is not intended to supplant any existing agency report forms but will be used for internal communication for Florida Trail managers and partners. Agencies are encouraged to submit their agency incident reports, as appropriate, to the Florida Trail Association, or, in the case of sensitive information, to the USDA Forest Service Patrol Captain in Tallahassee (see page A-1).
