

LAFAYETTE & MAGNOLIA CREEKS LOOP

The Lafayette & Magnolia Creeks Loop offers a diverse adventure through wooded floodplains, shaded hardwood forests, and open Longleaf Pine restoration areas.

The hike features multiple creek crossings, a peaceful view of Wolf Creek Pond, and even a shallow creek ford to test your footing.

Sections of the trail wind along Lafayette and Magnolia Creeks, where the path can become muddy and dotted with Cypress knees, adding a fun challenge for those with a sense of adventure.
