

## Notice to Hikers: FNST STA 5/6 L-3 Levee Reroute

Due to construction on the L-3 Levee the FNST has been temporarily rerouted in STA 5/6. The reroute starts on the L-3 Levee 0.2 mile north of G-353A Water Structure and crosses over to a STA 5/6 perimeter levee road. The reroute follows the STA 5/6 Levee Road north to the Deer Fence Canal Road STA 5/6 Trailhead. Total reroute is 6.2 miles and is “Blazed White.”

**Hiking North:** On the L-3 Levee 0.2 miles north of G-353A Water Structure turn east onto STA 5/6 dirt road, go 300’ turn north, go 500’ turn west, in approximately 350’ the STA 5/6 perimeter levee road will turn northwest. Follow dirt road north to Deer Fence Canal Road Trailhead. Exit through gate on the east side of Pump Station. To rejoin the FNST follow paved road around the north side of pumping station for approximately 900’. The trailhead is located 1000’ to the east at the end of parking area. Pitcher pump, restroom, kiosk, pavilion. **No overnight camping at trailhead. No Camping within Rerouted Section of the FNST.**
